Kinohiwa wharf.

The steamer Kaala left this afternoon for  
the circuit of Oahu.

The bark Andrew Welch is alongside Pacific  
Mail wharf discharging.

No passengers are being taken on any of  
the island steamers at present.

Nuisance notices are posted up on all the  
lumber piles along the esplanade.

The steamer W G Hall will leave tonight  
for Hawaii. She is loaded to the guards with  
freight.

A close watch has to be kept on the native  
sailors on the steamers in the harbor to keep  
them from fishing.

The ship John McLeod has an offer of 5%  
for hemp from Manila to New York. She  
will probably go to Hongkong for orders.

The Salvation army has been fighting the  
devil along the front lately. They hold  
nightly meetings on board different sailing  
vessels and are greatly welcomed by the  
sailor boys.

The steamer Wainaleale leaves tomorrow  
afternoon for Lahaina, Kukuiahae and Ho-  
nolulu. Besides a big load of freight she

that the citizens of that locality will raise  
any objection to their landing.

The ship H P Hitchcock cleans up the  
sugar on Oceanic dock destined for the New  
York refinery today and will leave her  
present moorings and anchor in the stream  
tomorrow morning. If by Oct 1st no more

### A BICYCLE MEET.

A Large Turn-out Expected On Satur-  
day Afternoon.

Several prominent people have  
intended themselves in getting  
up a bicycle meet for Saturday  
afternoon, to be continued if suc-  
cessful next succeeding Satur-  
day. Every lady and gentleman  
in the city will ride a wheel  
is requested to meet at Union  
Square on Saturday afternoon at  
4 o'clock sharp, at which time  
the procession will be formed.  
The route to be traversed has not  
yet been decided, but it will in-  
clude the principal streets of the  
city and several turns round Em-  
ma Square during the band con-  
cert.

The regulation costume for  
cyclists on this occasion will be a  
white shirt or sweater, white  
pants and shoes and black stock-  
ings. The ladies of course will  
attire themselves according to  
the dictates of their own sweet  
wills, and in any event may be  
expected to look charming.

These bicycle meets or parades  
have become very popular in  
Eastern and Coast cities, and no  
doubt will soon do so here

# FITS CURED

(From U. S. Journal of Medicine.)  
Prof. W. H. P. who makes a specialty of Epilepsy,  
has without doubt treated and cured more cases than  
any living physician; his success is astonishing. We  
have heard of cases of 20 years' standing cured by him.  
He publishes a valuable work on this disease which he  
sends with a large bottle of his absolute cure, free to  
any sufferer who may send their P. O. and Express ad-  
dress. We advise anyone wishing a cure to address,  
Prof. W. H. P. FREE, P. D., 4 Cedar St., New York.

# PROFIT FROM GARBAGE.

Mr. Thomas Tells How the Finest  
Mortar Can Be Produced.

At the limekiln on Monday, the  
subject of burning garbage came  
up. E. B. Thomas said that a  
good profit could be made out of  
an incinerator. After it was once  
started, there would be fuel  
enough in the garbage to keep it  
going. There should be a reduc-  
ing mill set up in connection with  
the furnace, to grind up the slag  
and iron in the residue. This  
would yield pure silicate, which  
is superior to sand for making  
mortar. The works could supply  
all the builders in Honolulu with  
mortar that would set as hard as  
cement, using the pure quality of  
lime that the limekiln is now pro-  
ducing from native limestone. B.  
F. Dillingham, who was present,  
took the matter into his enterpris-  
ing consideration, and it may be-  
fore long come before the Board  
of Health in a tangible proposi-  
tion.

### LETTER FROM MR. LOWREY.

EDITOR BULLETIN: There were  
in your paper last night references  
to two matters in the district  
which was under my charge to  
which I would like to reply.

First—As to that of the removal  
of rubbish from Punchbowl  
street. It had been placed on the  
street by the request of the sub-  
inspector, where it was seen by a  
paid officer of the Board who  
ordered its removal. Mr. Ku not  
having a wagon at his disposal  
sent a Chinaman with a cart, and  
the people paid this man, report-  
ing same to the inspector on his  
next round. The matter was re-  
ferred to the Board that night  
(Saturday), and the following  
morning the money was refunded  
to the parties who had paid.

Second—As to the sanitary con-  
dition of Kawaiahao Seminary.  
It may be safely said that it  
would be hard to find a place  
where the general condition of  
things was better. The premises  
have been carefully examined,  
and found to be in first class order.  
In regard to the special matter to  
which you refer, the fact is that a  
wagon passing over the drain pipe  
had broken one of the joints, and  
it was not known at the time. As  
soon as the pipe was used again,  
the leak was discovered and the  
trouble remedied. I can say from  
personal knowledge derived from  
an inspection of the laundry and  
bath rooms only a few days ago  
that all was scrupulously clean,  
and free from any smell, as could  
not have been the case if the con-  
dition reported by your infor-  
mant was correct.

F. J. LOWREY,

Inspector, District 9.  
Honolulu, Sept. 24, 1895

A notice to volunteer inspectors  
and sub inspectors will be found  
elsewhere.
